DETAILED ACTION

Allowable Subject Matter

1. Claims 1-24,26-37 allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1-15 is the inclusion of the following limitations: 'creating consistent evaluation of the object across multiple testing environments without having to generate or maintain new or additional test instructions for varying environments...an act of receiving environmental data that defines the test environment under which the actual test results are generated; in response to receiving environmental data when attempting to find a match therewith, an act of comparing the received environmental data with a set of test entry environments stored in a results retrieval sub-system, wherein each test entry environment of the set corresponds to a particular environment for which the test was previously executed; based on the comparing, an act of selecting a specific test entry environment from among the set of test entry environments stored in the results retrieval sub-system, wherein one or more environmental conditions for the selected specific test entry environment have increased commonality with one or more environmental conditions of the environmental data'.
3. The primary reason for the allowance of claims 16-24,26,27 is the inclusion of the following limitations: 'creating consistent evaluation of the object across multiple testing environments without having to generate or maintain new or additional test instructions
